To The Secretary to the Government of Madras,

HOME Department.

Sir,

In the Wellesley Sanatorium Jail, Bellary, there are 2 first grade warders and 10 second grade warders. The duties of the Chief Warder and the Gate-keeper are being performed by the 2 first grade warders. The Superintendent now reports that it is not possible to manage the essential duties and to guard efficiently day and night with the existing strength. In this connection, a copy of the Superintendent's letter No. 2286, dated 17-5-1940 is enclosed for the information of the Government. I have examined his proposal carefully and I consider the following posts very essential but the

Superintendent, Wellesley Sanatorium Jail, Bellary.

Subject:- Requisition for additional warders -
Wellesley Sanatorium Jail, Bellary.

A | With the present strength of the warder establishment, I find it difficult to carry out satisfactorily the guarding of the jail, as well as the duties connected with the internal management and discipline. Since the time this jail was started, there was no standing guard and when I split the warders' establishment into reserve guard (with a minimum of three warders) and the warder guard, I see that I am not able to get sufficient number of men for all the duties required to be done in a jail. As matters stand at present, I am utilising the services of the X-ray peon, and the nursing orderlies as tappal orderly, and for the purpose of sleeping between the gates at nights. There is no warder posted at the kitchen either during the day or at night. One warder in charge of the fencing is not at all sufficient, since the jail has no walls and a minimum of two warders is absolutely essential for the purpose. There is no separate guard officer, and asking the senior man among the three in the reserve guard to act as guard officer does not work well. One warder as at present allotted to supervise all the four blocks is not satisfactory. At least two warders are required to perform this work. I therefore request the Inspector-General of Prisons, to kindly move the Government to sanction six additional II grade warders for performing the duties mentioned below:-

Wetherley Sanatorium

Jail, Bellary - Addl warden staff -
Letter from the D.G. of Prisons.
P.O. No 1661/B1/40 d 17.6.40.

The attention of the D.G. is
invited to his letter No. 703 d
1.8.39 in which it was reported that
the Wetherley Sanatorium Jail would be
started with about 90 prisoners.
In P.O. No 3491 d 9 d 6.5.39, the Govt
sanctioned for the jail two first grade
wardens and ten second grade wardens.
The population of the jail on 15.6.40 was
only 80. His attention is also invited to
the July roster for the jail forwarded
with his letter No 2169-B1-37 d
23.6.37. The D.G. did not then
consider ^{that} any addition to the warden
staff was necessary, ^{as he found that} ~~even though~~
the lock up was then ^{only} 138, that half
the prisoners were too ill to move
about much or give trouble and that
there were 6 nursing inmates in the jail.
The D.G. is requested to state how
circumstances have changed

From (Name) Lieut-Col. S.C. Contractor, M.B., I.M.S.,
(Designation) Inspector General of Prisons,

To The Secretary to the Government of Madras,
HOME Department.

Sir,

The Wellesley Sanatorium Jail, Bellary was no doubt started with 90 prisoners and 12 warders but it was not possible then to anticipate how the population would fluctuate later on and what would be the actual strength of warders required for the efficient guarding of the jail.

2/ In any institution one could know its actual requirements in any direction only after it comes to function for some time. I have invariably brought home

to

to the Government that the strength of population in any jail has very little to do with the Staff required for purpose of guarding. When my predecessor inspected this jail to gauge the warders staff actually required the then Superintendent also had pointed out to him that the existing warder staff was not sufficient for the efficient guarding of the Jail and that at least 4 additional warders would be required for that purpose. I enclose a copy of the Superintendent's letter No.2349/36, dated 13th October 1936 for the information of the Government.

pp 12-13 night

3/ I notice from the duty roster forwarded with this office letter No.2169-B1-37, dated 23rd June, 1937 that no provision was made for a Reserve Guard, for weekly off duties and casualties. Besides the number of nursing orderlies was taken into consideration in assessing the actual requirement of the guarding staff. The nursing orderlies are certainly not responsible for guarding of prisoners. Their duty is to nurse the sick, and give all their attention to them only and hence their duties are quite different. They cannot be relied upon for guarding duties nor can they be detailed for such duties. This jail contains long term prisoners, lifers and habituals. I therefore consider it very essential that there should be a standing Reserve Guard of 4 warders. Last February the prisoners created a disturbance and the warder guard was found to be inadequate and the staff overwhelmed.

4/ For weekly off duties and other casualties at least two warders are required.

5/ I request that the Government will be pleased to sanction the additional warders now proposed as they are very essential.

for the info
I have the honour to furnish below a copy of the Warders' Duty roster on 7-10-1936.

2. It will be seen from the duty roster that there is no provision made for a separate warder incharge of the kitchen during day or night. The kitchen convicts are at present handed over to a Convict Overseer, which is against the provision of Rule 264 (1) Jail Manual. If a kitchen warder is posted during night, he will have to be given $\frac{1}{2}$ a day's off, which would mean the withdrawal of a day duty warder and would effect the day's routine duties.

for the info
3. It will also be seen that if any warder is granted leave, or avails off duty or falls sick, the routine duties suffer and cannot be done according to rules. From a perusal of the duty roster, it will be noticed that there is insufficient relief for warders even with the entertainment of 2 temporary warders, who will be withdrawn after the period of their sanction.

4. As pointed out on previous occasions, this jail is an open Jail, surrounded with barbed wire fencing. For complete security of Jail, for preventing contrabands and unauthorised interviews etc., with a view to maintaining stricter control over Jail discipline, it is necessary that there may be provision of 2 permanent warders for fencing duty. 2 more warders are also necessary for providing a night kitchen warder and conducting satisfactory reliefs for meals, off duties, for treasury duty, fetching rations etc.,

from

from the Central Jail and other miscellaneous duties. In this connection I would like to point out that there is no office orderly and if there is one like that, he will be useful to help the clerk who is already overworked, in maintaining the History Tickets as per Rule 245(2) Jail Manual.

Proposals for appointment of 4 ordinary grade warders on permanent basis may be put up, for the thorough and complete running of this institution. It may also be borne in mind that the construction of Additional Jail buildings such as X-ray and operation theatres and dining hall involves more labour.

The statement called for is furnished as under:

[17841C] From the DG of Prisons - Bangalore

1661-B1-40 of 12-6-40.

Jail - Wellerley Sanatorium Jail,

Bellary - Additional under Staff -

The DG has submitted proposals for the sanction of an addl staff of 6 second grade warders for the Wellerley Sanatorium Jail, Bellary. The reasons in support of his proposals are given on pp 2 & 3 CF.

2. The W.S. Jail is a special jail ~~in which~~ ^{in which} prisoners suffering from pulmonary tuberculosis are confined. It was first opened in Aug 1929 with a population of 90 prisoners. In G.O. 3491 L.S. of 6-9-29 the Govt sanctioned for the first time a permanent staff of 2 first grade and 10 second grade warders. In addition to this staff, sanction was accorded in G.O. 1452 L.S. of 27-6-35 to the employment of 6 nursing orderlies on a permanent basis.

3. The W.S. Jail has the status of a St. Jail and one warder is ordinarily allowed for every 10 convicts. This is only a working principle and there is no rule to this effect. In the year 1934, the DG. submitted proposals for the sanction of an addl staff of 6 second grade

warden. His proposals were not accepted.

Please see the office note on p-15 and the

p-15 & 18 (N)

memo on p-18 of fo. 2363 L-9, of 4-6-20.

The jail population then was 109.

on 15-6-20

The present lock up is only 80. In the light of

the arguments already stated on p-15 of the above

p-15 (N)

fo., which hold good even today, there appears

to be no justification for any increase in

the warden staff. It may however be

pointed out in this connection that there

was recently a mass hunger strike in this

jail. It was put down and the ring leaders

responsible for the strike

were transferred to other jails. But such

episodes are of rare occurrence. ~~In the~~

~~Circumstances, it is for orders whether the~~

~~proposals in C.F. may be negatived.~~

4. Please see the existing and the
proposed daily rosters on pages 5-6 C.F. When

the J.G. (present Adviser) reviewed the cases of
all jails in the Province ^{with regard to their requirements for} ~~for~~ warden staff,

he did not recommend any increase of staff

for the Willsley Sanatorium Jail, Bellary.

When the present warden staff of 2 first grade

and 10 second grade wardens was sanctioned

in 1929, the number of prisoners who were

expected to be sent to this jail was about 90.

2. He has again pressed for the sanction of 6 wardens for the reasons ^{stated} in paras 3 & 4 on p-11 CF. As against a population of 90 in 1929 and 138 in 1931, the population on 24.8.40 was ^{It had gone down to} 81. ~~It had gone down to~~ 76 on 26.7.40. A fall in the jail population from 90 and 138 to about 80 at present does not seem to justify the sanction of the addl. warden staff asked for by the D.S., especially in the present state of Provincial finances.

3. There are 6 nursing orderlies attached to the Sanatorium. At the time of the sanction of these posts in 1931, ~~it was suggested~~ ^{it was suggested} by the Fin. Dept. that the nursing orderlies might take

charge of the patients in the hospital, thereby leaving the wardens for outside guarding alone.

Please see the Fin. note on pp 10 & 11 and the D.S.'s reply on p-5 of G.O. 922 Law (S) of 28.2.31.

pp 10-11 & 5 (C)

After a lapse of 9 years, the D.S. has now reiterated the same argument in para 3 on p-11 CF, namely, that the nursing orderlies shd. not be utilised for guarding duties as they are solely intended for nursing the sick. Subd. that D.S.'s arguments seem to be not convincing. The nursing orderlies are in closer touch with the patients in the hospital

than the warders. They can have better control
over the convicts than the warders as their
influence would be more soothing. Moreover
in view of the jail population being far less ^{than}
it was in 1822 or 1831, it may not be
impossible for the nursing orderlies to attend
to both the nursing and feeding inside as these
two functions are ^{practically} ~~very~~ allied and overlapping.
~~This arrangement would considerably relieve~~

may be sent forward to that
 extent. I forget exactly how I
 worked this out but I think it
 will come to 2 wardens and
 I would also use to a jailer
 of same grade as employed
 in the special districts with
 equivalent population.

19/10

Please see Adviser's orders above.

A statement showing the three special districts, their
 latest population and the pay of the jailers employed
 in them is put up at (1). The latest population
 of the Wellesley Sanatorium Jail, Bellary is 76.
 If a jailer of the district grade is to be employed
 in the W.S. Jail, Bellary, Category 4 or 5, then the
 Madras Jail Act. service may perhaps be
 designated as "jailer in districts and in the Wellesley
 Sanatorium Jail, Bellary". It is, however, submitted
 that there is already in the W.S. Jail, Bellary,
 one officer known as jailer. He is of the status
 of deputy jailer. It is for consideration whether,
 if an addl officer proposed by Adviser is to be employed,
 he may not be of the status of a reserve dy. jailer.

Finance (E.I.)

The Wellesley Sanatorium Jail was started in 1929 as a special jail for prisoners suffering from pulmonary Tuberculosis with a staff, among others, of 12 warders, 2 in I Grade and 10 in the II Grade. It was not allowed any additional staff in connection with the general strengthening of warder staff in 1937. The I.G. has now applied for 6 additional warders II Grade to provide for necessary duty posts. A-3 has noted that in the duty roster of 1937, he, as I.G. of Prisons, made no provision for six days' week relief and that the requirements of the case be will/met if two extra warders are sanctioned for the purpose. The proposal involves an extra recurring cost of Rs 456 per annum.

2. Submitted that in the circumstances stated above, Finance may agree to the employment of two additional warders in the Wellesley Sanatorium temporarily till the end of February 1941.

B

It is however pointed out in this connection that in view of the very small number of in-patients in the Sanatorium, the number of nursing orderlies is susceptible of reduction. The E & P.H. Department have noted that the approved scale for the employment of nursing orderlies in Govt. hospitals is one nursing orderly for 8 beds. As the present number of in-patients in the Sanatorium is only 32, Finance may suggest that 2^x posts of nursing orderlies

may be abolished forthwith. If there should be any increase in the number of in-patients, the I.G. will, no doubt, come up with proposals for a corresponding increase in the nursing orderly staff.

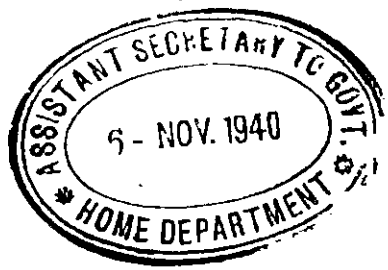

With the above remarks, the case may be

returned to Home.

Finance have accepted the ^{proposal} ~~request~~ for the addition of two more wardens to the Wellesley Sanatorium (ail, Bellary; but have suggested that 2 out of the 6 posts of nursing orderlies may be abolished on the ground that only 4 nursing orderlies will be necessary for the 32 inpatients at the rate of 1 orderly for 8 beds. The possibility of reducing the number of nursing orderlies was referred to in this Dept's note at A on p5 ante and Adviser was not apparently in favour of the suggestion when he recommended 2 extra wardens. The Dy asked for 6 addl wardens and it is proposed to sanction 2. For want of adequate warden staff, nursing orderlies are utilised as casual orderlies. ~~It will be taking away with one hand what is given by the other.~~ If 2 wardens are sanctioned and 2 nursing orderlies are taken away, the position in the jail with regard to the subordinate staff will remain the same & the Dy is not likely to agree to the proposal.

13/4

37

At the time proposals were subd in 1930 for 6 nursing
 orderlies, it was stated that 5 ^{would} be employed in
 blocks and 1 in cell. One ~~no~~ nursing orderly is
 allowed for 8 beds in Govt hospitals. This is not the
 case of Wellesley Sanatorium which treats patients
 suffering from pulmonary tuberculosis is different
 from ordinary hospitals in which patients suffering from
 various kinds of diseases are treated. If considered
 necessary, S.P. & may be requested to furnish
 information as to how many beds a ~~no~~ nursing
 orderly looks after in the Govt Tuberculosis Hospital
 at Royapet (Temple Gardens) and in the T.B. Hospital
 at Tambaram.

In 1934, the Supt of the W.S. Jail, Bellary
 stated as follows about the duties of nursing orderlies:-

"... Their duties consisting the maintenance of
 discipline and general management of the wards
 such as attending to the feeding, sponging etc of patients
 and they also assist the sub-assst Surgeon with
 ward injections and any special treatment ordered."

For the reasons given above, it is ~~not~~
 for order whether this Dept. should agree to the proposal of Finance
 to establish 2 posts of nursing orderlies. Subd for order.

10/11/40

Please put up draft
 order sanctioning the two wardens
 post. We have agreed to this
 and the question of abolition of
 two posts of nursing orderlies can
